DAILY DEMOCRAT.

PRINTED AND PUBLISHED BY

HARNEY, HUGHES & CO.

OFFICE

South side of Green street, two doors

below the Customhouse.

MONDAY, AUGUST 28, 1865.

To Country Printers.

Having furnished our printing department with the latest styles of type, press, etc., a large quantity of second-hand material has been thrown out of use, most of which would be suitable for a country printing office, which will be sold at a low price. One large-size handpress, in good working order; one Hoe handpress, in good order; a lot of metal and wood type cases, stands, chases and other material. We have a large quantity of pretty good type, suitable for a country paper, which can be bought at a fraction over the price of new type.

HARNEY, HUGHES & CO.

Democrat Office.

To the Public.

The subscribers beg to announce that in view of the increasing demand in this city, and in the south and southwest, for Job Printing, we have refitted and renewed our Jobbing Department with the best and latest Machinery and newest styles of type and fixtures, to be found in this country; and in addition to the above increased facilities, we have secured the best workmen in all the departments, and flatter ourselves as well as our patrons with the hope of producing printing equal to any house in this country. Our special facilities for executing Railroad, Steamboat, Insurance Blank work, Bills of Lading, Bill-heads, Checks, Cards, Dray Receipts, Letter Headings, Legal Blanks, Labels, Envelopes, Notes, Drafts and every description of letterpress printing, are unsurpassed.

We have also added a large poster press and secured the best and latest styles of poster type, with the intention of making that a specialty in our establishment. We will execute, in splendid variety, those magnificent posters which exhibitors have had to import in order to create a favorable sensation for their peculiar exhibitions. In fact, there is no class of Job Printing but will come within our resources, and we challenge comparison with any job printing establishment in the country. Our prices will always be moderate.

HARNEY, HUGHES & CO.

Mr. Claude Summers, who has heretofore been the river and commercial reporter of the Democrat, will hereafter devote his entire attention to the local department, embracing court proceedings, &c. Local matters of interest transpiring in our city reported to him will be a favor to ourselves which we will duly appreciate.

Mr. Jacob B. Maynard will hereafter report the markets, and look after the commercial department of the Democrat. We bespeak for him the kind attention of our friends in matters relating to the commercial interest of our city. Louisville needs fuller and better reports of the markets than have heretofore been supplied, and we shall aim to make this a feature in the Democrat of greater value to all looking to this market for anything they have to buy or sell.

OUR COURTS.—According to the late law there will be a new court established in our city, to be called the Court of Common Pleas, which holds it first session on the fourth Monday in September. At this time the appearance docket will be called, while the call of the trial docket will not take place until the second Monday in October. In this court the civil cases which have hitherto been tried in the Circuit Court will be decided. The Judge is P. B. Mair, and the Clerk, James P. Chambers.

The regular full term of the Jefferson Circuit Court will commence on the first Monday in September, Geo. W. Johnston presiding, J. R. Dupuy, Commonwealth's Attorney, and James P. Chambers, Clerk. The docket this term will be a heavy one. Witnesses who have been recognized to go before the grand jury had better be punctual in their attendance on Monday next.

The Louisville Chancery Court, after a recess of a few months, will reconvene on Friday, September 8. During the recess of the court, Chancellor Pirtle has been absent on a visit to the East.

We stated yesterday morning that the young woman, Barbara Roselle, who attempted to commit suicide by drowning herself in the river Saturday, left the Franklin House because she was afraid she would be turned out doors for not paying her board. The proprietor of the Franklin House informed her before she left that she could stay there as long as she wished and he would not ask her for a cent. In fact, he did everything he could to make the unfortunate woman happy during her stay. When she left, the house she left some clothing and jewelry to pay for the time she had stayed there, but all her effects have been returned to her.

We noticed a couple of young bloods on Main street, below Floyd, yesterday, in a fair way to get whipped by somebody, or put in jail. They were drunk enough to suppose the sidewalks belonged to them, and ran against every one whom they thought wouldn't knock them down for their impudence. Each of them had a week's wages in him.

A citizen was robbed on the corner of Marshall and Clay streets last night, between the hours of 8 and 9 o'clock, by some soldiers of \$18.50. The citizen's name is Joe Alby, who had a child in his arms at the time, and they quietly proceeded to search him and carried off the amount named.

Mr. Watts, a conductor on the city railroad, who was shot in a street encounter on Saturday morning by Bassett, another employee on the road, died yesterday from the effects of the wound. We gave the particulars of the encounter in yesterday's issue.

SUSPECTED FELLOW.—Last night Officers Spaulding and Grimes arrested on the wharf one Frank Osborn, said to be an old Cincinnati thief, as a suspected felon. He had upon his person a number of false keys.

ONE or two of the steam fireengines were draped in mourning yesterday, in memory of the late Dr. Weatherford. The Sim. Watkins No. 5 presented a sad appearance—being heavily draped.

We have stated that Arlington, Leon & Kelly's minstrels will be here this week. They will not be here until some time during the latter part of next month.

There was a large congregation of negroes on the wharf yesterday morning, near the ferry landing. Quite a number were baptised.

We noticed several funeral processions in the city yesterday.

DARING ATTEMPT AT ROBERTY.—At an early hour Saturday morning a party of rebels broke into the office of Waters & Fox, on Main street, between Ninth and Tenth. There is generally stationed at this place a private policeman, but he had that night, from some cause, left with permission and gone to his home. The rogues, who were evidently familiar with the place, knowing that he was absent, sought this as the proper time to rob the safe of the office. They entered through the front door, and by the means of a light loaded the lock of the safe with the evident purpose of forcing the lock, but, from some cause, the charge failed to explode, and they were thus foiled. The approach of some one scared the robbers off, and they left without receiving the prize which they sought, but they, however, stole a Derringer pistol, belonging to the policeman, which was in one of the clerks' drawers. Had the rogues tried the safe they would have found that it was not locked, and that it contained \$700. This is one of the most daring attempts at robbery that we have heard of for some time.

OUR CITY is now being overrun with professional thieves, who have been plying their vocations in other cities, and it behoves our police to be extra diligent, and place in custody all suspected characters who may touch our wharf.

WOOD'S THEATER—OPENING NIGHT. This popular place of amusement, after having been closed for the summer months, will open this evening with the great Zanfretta troupe. During the time that this theater has been closed it has undergone a thorough overhauling from pit to dome, and has been repainted and repaired in the most splendid manner, so that one entering it now would not recognize it as the same place that they often paid a visit to last year. The auditorium has been altered, and instead of the old crowded seats in the dress circles comfortable arm-chairs have been instituted. Mr. Foster, the acting manager, is a man well acquainted with the business, and we are assured by him that the first stars of the country will, during the coming season, give the lovers of the drama such entertainments as they have never before witnessed.

The management have displayed taste in opening their establishment with the Zanfretta troupe, for they are well-known throughout the country as the best that now travel, and we have no doubt that they will mighty have large and fashionable audiences.

RE-ARRESTED.—On Saturday morning Wm. McAdams, who claimed to be a member of the 4th Kentucky mounted infantry, was before the police court as a suspected felon, but as he claimed to be a soldier he was sent to the military. This man was caught by Officers Cave and Burk with a box of jewelry, belonging to J. Eastman, in his possession. He was at the McKenzie Hotel, corner of Seventh and Market, and made several attempts to enter different rooms. After he was sent to the military he made his escape from the Provost Marshal's office under an assumed name. He was re-arrested by Officers Alexander and Lister and turned over to the officers, who placed him in jail.

O. O. F.—Members of the order intending to participate in the celebration at Baltimore next month are requested to meet at the hall on Monday evening, 28th instant, to make preparations. Those who cannot attend the meeting will please send in their names. Quite a number of lodges from the south will be here on the 16th to join the lodges here and go together.

HANSON.—We have been shown a magnificent gold hunting-case watch and a splendid gold chain, presented to Captain Oldham Taylor, by his young and clever friend Joe Short. Captain Taylor has been a staunch friend to Joe, who is an industrious, clever boy. Joe's speech was as follows: "Captain, I wish to make this a feature in the Democrat of greater value to all looking to this market for anything they have to buy or sell."

THE talented son of the President of the United States, Colonel Robt. Johnson, is in the performance of special duty at the executive mansion. Col. Johnson is evidently a representative man, of fine abilities, and of the peculiar political school and type which has given his honored father such high and deserved fame. Col. Johnson will be a most valuable aid to the President in the position he has assumed to occupy.

By the operation of a wretched hubbas corpus the number of battles fought during the late war is two hundred and fifty.

Two of these the soil of Virginia drank the blood of eighty-nine, Tennessee missed thirty-seven, Missouri twenty-five, Georgia twelve, South Carolina ten, North Carolina eleven, Alabama seven, Florida five; Kentucky fourteen, the Indian Territory and New Mexico one each. Once the wave of war rolled into a Northern State and broke in the great billow of Gettysburg. Of the battles enumerated sixteen were naval achievements.
